

Steelcase Avenir and 9000

Choose Your Own Finishes
Unique Designs Available
Custom Made Worksurfaces
Environmentally Friendly

gen² hybrid Steelcase Avenir and 9000 workstations are perfect for accommodating managers, private offices, as well as standard or custom workstation designs. Panels are constructed of metal, stocked in tackable/acoustacle as well as glass, and come in many heights and widths.

Steelcase 9000 worksurfaces are available with a steel-core, 180° rolled edge, and central locking system. Your storage needs will be fulfilled using bins, pedestals and shelves.
