

## Magnetic Whiteboard

### Detachable Whiteboard

This is a great option for new or existing workstations that require individual space for planning and organization.

Whiteboard clips in for easy installation and removal with no damage to panel.

Works in conjunction with Gen2 Hybrid 9000 and Avenir panels.

Standard height of 24" is available in all panel widths.

### Integrated Whiteboard

For those interested in a larger whiteboard application, this is the ideal option. Perfect for common areas where information, such as daily scheduling, needs to be displayed.

Whiteboard takes the place of panel fabric.

Available on all Gen2 Hybrid Avenir panel sizes.
